

# Date of Meeting:

## February 29, 2016

*In case you  
missed it*

The Webelos came this week for a visit. We welcomed them with various stations that show what we do as Boy Scouts. Here are the stations that they revisited:

Station 1: We showed the Webelos some basic knots and how to tie them.

Station 2: We showed the Webelos the basics of camping, such as pitching a tent and using camping equipment.

Station 3: The Webelos learned how to work as a team by walking on two giant wooden planks.

Station 4: We taught the Webelos how to use a knife properly and whittle a stick.

Station 5: We made trail mix. ALWAYS a favorite :)
